

Year 6 Summer 2022 Curriculum Information

On the next page are the topics that we'll be covering this term. They are not an exhaustive list, but rather provide the key themes and questions that we will explore.

For the first two weeks of the Summer term, we will be revising areas of Maths the pupils feel less secure about, making sure that they feel prepared for their SATs, which will be commencing the week beginning Monday the 9th May. We will endeavour to make sure that the pupils feel as relaxed as possible and that it is viewed as a way of celebrating all their hard work over the past few years.

From the 16th May, Mr Godden will be taking over much of the teaching, as he completes his final placement. It will be great to have him back and am looking forward to being able to supporting him as he increases his teaching time.

Reading will continue to play a big part in Blake and we will still use the Accelerated Reader programme to support and assess reading comprehension skills - we are hoping to create as many millionaires as possible (pupils who have read over a million words this year).

Key text for Year 6 this term is Cogheart by Peter Bunzl
